LETTER OF APPRECIATION

SandEE Developers
Computer Science Program
San Jose del Monte, Bulacan

November 1, 2026

Mr. Miguel E. Mercado

Dear Mr. Mercado,

We hope this letter finds you in good health and high spirits, sir. We are writing to express our deepest gratitude for the time and effort you generously gave to the evaluation of our thesis project, SandEE: An Educational Multi-Platform 2D Open World Survival Crafting Game for Lua and Python for ICT and STEM Students of Yverdon de Pestalozzi School Inc.

We truly appreciate your willingness to test the SandEE build and accomplish our ISO 25010 evaluation questionnaire. Your expert assessment of its functional suitability, performance efficiency, compatibility, usability, reliability, security, maintainability, and portability gave us a clear picture of how SandEE performs in practice and where it can still be improved. Your observations regarding its implementation were especially valuable in refining the game.

Your honest feedback and generous contribution of time have not only strengthened the quality of our system but also contributed to our growth as student developers. We are truly privileged to have had your expertise and support.

With our highest respect and deepest gratitude,

Sincerely,

SandEE Developers

Glenn Marco Accad
Project Manager

Jefferson G. Mamauag
System Analyst

Adrian V. Gallano
Quality Assurance Specialist

Jose Mari Christian V. Tayag
Lead Developer
