FINAL DEFENSE EVALUATION FORM

PURPOSE OF EVALUATION

This evaluation form is a means to analyze and evaluate the thesis in the context of content, form, methodology, software, and presentation of students by the panel members assigned to the thesis group. The quantitative rating given by the panel member is to be used as a guide for the recommendation or final evaluation at the end of the thesis defense. All guidelines and procedures as stated in the Policies and Procedures for the Thesis Program apply. The Lead Panelist from STI Head Office may veto any decision of the local panelists.
